Deliverable 4.2: Internationalize existing courses.

In the framework of the implementation and implementation of the project at the international level of the "BIOSINT" project, entitled: "Strengthening capacities and digital competencies in biomedical education through internationalization at home", ERASMUS-EDU-2022-CBHE-STRAND-2, No. 101082863, we are sending you the internationalized syllabuses, for the undergraduate studies at the Faculty of Medicine, in English language, for the subjects:

Integrated study program of Medicine:

- Communication skills in Medicine, 4 ECTS, Year III, Semester 5.

Integrated study program of Dentistry:

- Anatomy, 13 ECTS, Year I, Semester I and II.

Medical College:

- Ethics in nursing, 3 ECTS, Year I, Semester I.

In total, 20 ECTS will be internationalized.

The key aspects of the internationalization of the curriculum were the internationalized student learning outcomes, internationalized content, internationalized teaching and learning activities and internationalized assessment methods.

The internationalization of curricula is integral part of Faculty of Medicine and University of Montenegro strategy for internationalization.

The proposed internationalized syllabi will be approved at forthcoming Faculty council and will be implemented in the following academic year.

The Internationalized courses are attached to this report.
